

Dear Mayor Hancock,

The City Park Neighborhood Advisory Committee is not a Registered Neighborhood Organization, but is composed of delegates from each of the RNOs adjacent to City Park. Our mission is primarily to help circulate information relevant to City Park between the City and the neighborhoods and vice versa. We are pretty cautious about taking specific positions because of the time it would take to gauge accurate sentiment from each of our separate neighborhoods, but we occasionally offer statements that reflect the views of our voting members.*

We have appreciated your attention to Denver's infrastructure and mobility needs in your public statements and we're excited about a Denver that offers legitimate mobility options to everybody.

The voting members of the City Park Neighborhood Advisory Committee recognize how essential sidewalks and safe bike lanes are to ensuring equitable access to our beautiful park, and for that reason we would like to offer a statement of support for the work of the Denver Streets Partnership in their efforts to gain adequate funding for sidewalks and bike infrastructure. We believe Denver should fund mobility infrastructure at a rate of \$40 million per year which would put us back on par with other world class cities.

Thank you for all you do for Denver!

City Park Neighborhood Advisory Committee.

*Voting Members include delegates from the following RNOS and Organizations. Votes reflect only the views of the delegates, and do not necessarily reflect the views of the organizations from which they come:

Greater Park Hill
South City Park
City Park West
Congress Park
Uptown on the Hill
Whittier
North City Park
City Park Friends and Neighbors
City Park Alliance
City Council District 9 Office
Parks and Recreation Advisory Board
