

March 29, 2017

Neighborhood Advisory Committee
c/o Art Blomberg and Steve Lang, Co-Chairs

Please be advised that on March 28, 2017, the Denver Botanic Gardens Board of Trustees unanimously extended the Garden's pledge to limit the number of major events that are held at the York Street site, in the evening and that include outdoor amplified music, to no more than 17 per calendar year. No more than 14 of such events will be concerts.

This commitment is effective January 1, 2017 through December 31, 2021.

Thank you for continuing to build a healthy and productive relationship between the Gardens and our neighbors.

Sincerely,

Brian Vogt
Chief Executive Officer
