

Cherry Creek Improvements

Pavement and Drainage Improvement Project

UNIVERSITY BOULEVARD FULL CLOSURE: Sunday, March 30-Monday, March 31

University Boulevard from York Street to 4th Avenue

Construction crews will pave half of University Blvd from York St. To 4th Ave. this weekend which requires a full closure of University Blvd. This paving will require a full closure of both lanes of southbound University beginning at 7 a.m. Sunday morning to mid-day Monday, with one lane opening for Monday evening rush hour.

University Blvd and 4th Ave will remain open during construction, but the intersection of 5th Ave and University Blvd will be closed and a detour around the full closure will be in place.

The Conoco station will remain open and accessible from 6th Avenue. All businesses in the Cherry Creek North area and the Cherry Creek Shopping Center will be open and accessible using alternate routes.

Please note concrete crews will be working evenings in order to make saw cuts to the newly poured concrete. The timing of the saw cut is critical as it must be done at a specific time during the curing process. Crews will be off-site no later than 9 p.m.

Thank you for your cooperation and understanding as we implement these Better Denver Bond funded improvements to our City's infrastructure.

Please be sure to always use caution in the work zone!!!
