

Yes

Do you reside, have a business or own property in Congress Park Neighborhood?	Please indicate approximately in what quadrant you reside or your property/business is.*	What are your cross streets?	Over the past 5 years has your street/alley or residence been impacted by	Where (approximately) was the flooding?	When (approximately) was the flooding?	How deep (approximately) was the flooding?	How serious was the damage?
Yes	Quadrant A	13th and Elizabeth	Yes				
Yes	Quadrant A	14th Ave and Josephine	Yes	16th and Jackson	Summer 2015, and in previous years.	Deep Water in street and up into yards	This location typically has severe flooding with manhole covers popping off and water so deep u can't safely cross the street, even after the city installed 36 new gutter drains. Vehicles have been seen floating down the street toward City Park
Yes	Quadrant A	E Colfax and Fillmore	Yes	Alley of Fillmore. Back yards of neighbors washing down hill to our house	Every time there is a hard rain	Lots of water in yard and up to our doorstep. Water about 5-6 inches and required brooming away until storm over	Damage would be significant if allowed to come up to door
Yes	Quadrant A	12th & Steele	Yes	On Steele, between 12th and 13th.	Either last summer or the summer before. It was during the heavy, heavy rains that flooded just about all of the streets. 14th was flooded and was down to one lane during rush hour.	Water was up over the curb and halfway between the street and the sidewalk.	Wash away mulch and rocks, but no major damage.
Yes	Quadrant A	11th/12th	Yes	On Fillmore, between 11th and 12th	Multiple times in past several years, especially early summer of 2016	water in the street and up on the sidewalks, especially at corner of 12th and Fillmore	Washed away gravel and mulch from yards; impeded street access and traffic flow
Yes	Quadrant A	Fillmore and Colfax	Yes	Fillmore Alley	Late spring 2016	Width of the alley dip.	Washed gravel and soil from parking areas.
Yes	Quadrant A	11th and Detroit	Yes	Detroit St between 11th and 12th	Summer 2014, June or July	Water in street, up on sidewalks and yard. Water came in to our finished basement too.	Flooded our basement, approx 8-10K in damages
Yes	Quadrant A	13th/steele	Yes	Corner of 13th/Steele in front of holland house, corner of	Heavy rain periods	Lots of water in street and in yard, causing cars to hydroplane	Don't know
Yes	Quadrant A	Colfax and st paul	Yes				
Yes	Quadrant A	11th and st paul	Yes	On st paul between 11 and 12	Summer 2015	Water in the street and up over the curb	Slowed traffic and washed away gravel/mulch
Yes	Quadrant A	12th and steele	Yes				
Yes	Quadrant A	14th Ave and Josephine	Yes	On 14th Ave, between Clayton and Josephine AND On 14th Ave between Monroe and Clayton	In June 2014 AND In May 2014	Water filling the street and also flowing down the sidewalks about 2" deep AND Massive flow of water toward Colorado, filling the street and covering the sidewalks about 5" deep.	Some minor damage in tree lawns next to the street, but mostly it was an inconvenience because it was not safe to cross the street for about an hour. AND Unsafe to cross the street-we took shelter in an elevated parking garage for about an hour. Cars drove through the water at high speed..its a wonder there were no serious accidents. Washed out landscaping from the street lawns leaving gravel and mulch all over the streets.
Yes	Quadrant A	York and 12th Avenue	Yes	On York Street to Colfax	Summer June thunderstorm and hail Storm 2015	Water in street and flowing fast like a river	No real damage from water.
Yes	Quadrant A	11th & Steele	Yes	Steele Street between 11th & 12th	Early Summer 2015	Basement seepage and lots of water in street and up into yards	Had to install sump pump -basement damage
Yes	Quadrant A	Milwaukee & 11th Ave	Yes	(1) in the basement condo of our building at 1109 Milwaukee Street; (2) flooding on the west side of the street coming up onto the sidewalk	Summer 2015	(1) water in our yard and down the stairs into the downstairs unit; (2) water in the street and up on the sidewalks	(1) caused damage to the floorboards that needed to be replaced < \$1000; (2) degraded some of the concrete on the curb, no cost estimate yet
Yes	Quadrant A	13th and Elizabeth St	Yes	In my basement on 13th and Elizabeth St	In June 2015	Lots of water in street and up onto sidewalks	flooded my basement and cause some landscaping damage
Yes	Quadrant B	St Paul & 8th Ave	Yes	north end of St Paul @ 8th Ave where storm drain sometimes backs up and water accumulates in the street. Not	Don't recall	just in the street up to the curb top	wake and splash from cars driving through
Yes	Quadrant B	6th Ave and Saint Paul St	Yes	Basement of our residence	04/01/2014	Flooded our basement	Destroyed basement plaster walls and carpeting
Yes	Quadrant B	St. Paul & 10th	Yes	On St. Paul, south of 10th	Can't remember.	Crown of the street under water, water over the curbs on both sides, and up into yards.	I suffered no damage

Yes	Quadrant B	Eighth and Milwaukee	Yes	My street flooded due to rain and hail	June of 2015	A couple of feet of water in the street.	No damage to our house. One of our cars had water damage while crossing 6th ave
Yes	Quadrant B	8th and Columbine	Yes	Alley between Columbine & Elizabeth between 7th and 8th	Sep 2013 and June 2015	Lots of water in alley and up into yards	Water on areas of basement floors. \$1500 damage to plaster walls
Yes	Quadrant B	9th and Fillmore	Yes	Our home - tornado	Summer of 2014, I think, when the tornado blew over	Water in our garage, alley, and basement.	Flooded basement and garage, destroyed veggie garden
Yes	Quadrant B	9th and St. Paul	Yes	St. Paul St. N of 8th Ave	After heavy snow melt, 2015-present	Water in street. perhaps 4-6 inches deep	Hard to cross street while walking
Yes	Quadrant C	13th and Steele	Yes	on Steele St. between 12th Ave and 13th Ave	Summer of 2015, June	Water on sidewalks	Water on sidewalks caused damage in my basement. Abatement costs \$700 Regraded sidewalk \$2000
Yes	Quadrant C	11th and Madison	Yes	On Madison street between 11th and 12th	Summer of 2015	Water in the street and up on sidewalks, in yards, and in people's basements.	Flooding in basement. Not as bad as others. But had to throw away carpet. \$200 damage
Yes	Quadrant C	14th and Adams	Yes	On Adams and on 14th at Adams	Summer of 2015? When City Park lake flooded over its banks and water covered Adams so deeply and so swiftly it was moving some cars.	Water over the street, the curbs, and up to the second step of the stairs to the terrace. ALMOST floating the parked cars.	Didn't reach the front porch (eight steps above the sidewalk). Did not flood the basement. Scared the living bejeesus out of me.
Yes	Quadrant C	12th and Cook	Yes	On Cook St. between 11th and 12th Ave.	Summer of 2014, maybe in June	Lots of water everywhere, it flooded our basement and our neighbors	Flooded our basement, without me damming the water off at the window seals and sucking the water up with vacuums, plus drying the carpet with fans, a lot of flood damage would have been done.
Yes	Quadrant C	12th and Steele	Yes	Steele St between 12th and 13th	June 24, 2015 was the most severe, but my basement has percolating water in most substantial rain or snow runoff events	A torrent of water flowed between my house and the house to the south (approximately 12-18 inches)	In the June 24, 2015 event, there was no real perceptible damage to my house but some costly damage to the basement in the house to the south
Yes	Quadrant C	13th and Steele	Yes				
Yes	Quadrant C	13th & Monroe	Yes	13th Ave regularly floods	every Major storm	water in street up to and over the curb	slowed traffic, many accidents
Yes	Quadrant C	12th Avenue / Colorado Blvd	Yes	On 12th Avenue between Colorado Boulevard and Harrison St	06/01/2015	lots of water, up into the yard, flooded my garage.	washed away landscaping, deposited others landscaping into my yards, Streets flooded 2 feet high at curb, vehicles stranded.
Yes	Quadrant C	Jackson St and 12th Ave	Yes	On Jackson St between 12th	June 24th, 2015	Water in street and up to sidewalks	Washed away gravel and mulch from neighbor's yard.
Yes	Quadrant C	Monroe and 12th	Yes	basement	summer 2013,maybe 2014	water in yards	no real damage
Yes	Quadrant C	14th and Garfield	Yes	1. intersection of 14th and Garfield. 2. Garfield from 14th to almost Colfax	1. Everytime it rains or snow melts. 2. Heavy rains and Monsoon season	1. Sometimes entire street but mostly just intersection. 2. Water up over the curbs and onto sidewalk/right of way.	1. Sometimes small cars are unable to pass. 2. When really bad (June 2015) my mulch was washed away and my basement flooded (and my neighbors). Water was almost up more than 1/2 way on the tires of our car parked in street.
Yes	Quadrant C	12th & Madison	Yes				
Yes	Quadrant C	14th and Garfield	Yes	Flooding always occurs at 14th and Garfield intersection and 13th and Garfield intersection; Also, my basement flooded in Summer 2015, which was very rainy.	Basement: Summer of 2015; Intersections: any time we have a storm	Water in the street for intersection flooding; Basement - approximately 4 inches	Basement is unfinished. Many items of sentimental value destroyed (eg journals, photos). Not sure what monetary value was of the damage.
Yes	Quadrant C	14th Steele	Yes	14th St at Steele	Anytime there's a lot of rain.	1 ft	Nothing personal
Yes	Quadrant C	13th and Adams	Yes	On Adams near 13th	Can't remember	In Street and up into sidewalks	Flooding in basement
Yes	Quadrant C	11th and Madison	Yes	12th and Madison. Madison between 11th and 12th.	May 2015 I think. That massive rain snow event. Any large rain usually has water spilling up onto my sidewalk.	Water in street and up on side walk. The way the street slopes the water comes down the west gutter and spills over onto side walk.	Wet shoes. Mulch and gravel washed away. Lots of debris on sidewalk.
Yes	Quadrant C	12th and Cook	Yes	Cook between 12th and 13th	Summer 2014 near as I can recall	About 4 inches in the catchment area near our basement door. This overflowed into the basement.	See #9

Yes

Yes	Quadrant C	Cook St and Colfax A Place	Yes	South side of East Colfax just west of Cook at RTD bus stop.	Every time there has been a very heavy rain in the last 26 years.	Water in street and if heavy enough will begin to go over curb.	Slowed eastbound traffic on E. Colfax and sometimes caused RTD bus to stop in middle of Colfax for passengers boarding or leaving bus.
Yes	Quadrant C	12th and Garfield	Yes	12th b/w Monroe and Garfield is where we live but this	Summer 2015 but also whenever it rains a lot in a short period of time.	Water in street up to yards	Basement flooded, \$2000 in damage. Other times the damage was just exterior.
Yes	Quadrant C	Colfax and Adams	Yes	Colfax and adams	If there is a heavy rain the water does not drain and floods the sidewalks and occasionally my 2 businesses Mezcal and goosetown	No sure enough to flow into the businesses	Enough to be bad for business
Yes	Quadrant C	Madison and Colfax	Yes	on Madison Street near Colfax	Kind of like a small tornado-can't remember exactly when, maybe 2015?	flooded all the way up to the building	washed away mulch from our building
Yes	Quadrant C	14th Ave and Adams St	Yes	On both sides of 14th Ave, from Steele St to Cook St	Any time we get any significant rain	Lots of water in street along curbs, sometimes up into yards	washed away gravel and mulch from the yards, deposited a lot of mud in landscaping beds, and slowed traffic for a while, basement didn't flood but slab was very damp
Yes	Quadrant C	12th Ave and Garfield St	Yes	On Garfield st and at the intersection with 13th and 14th	At least once a year since 2008	Water in the street right up to the curb.	No damage to my property. I have a high clearance vehicle but a lower one would have had some flooding.
Yes	Quadrant C	13th Ave and Monroe St.	Yes	13th and Monroe and in my basement	Summer of 2013 I think, a few others I don't recall	Street, sidewalk, my basement at least once. A few manhole covers blown off that time too. Street and sidewalk a few times and then street only a few times.	Didn't file a claim but the carpet is ruined. Landscaping flooded out, again no claim filed.
Yes	Quadrant C	11th & Madison	Yes	The flooding occurred at the entire intersection of 11th & Madison block. It is like a raging river right in front of our house every rain storm. There is also major back up	Summer 2014, Summer of 2015, Summer of 2016	Water in the streets and up to the sidewalks.	No real damage, but it definitely slowed down traffic because of the flooded intersections.
Yes	Quadrant C	13th/colorado	Yes	12th, 13th, Colorado	June 2011, June 2015	Car submerged up to door handle both times	Totaled car both times with water damage
Yes	Quadrant C	14th & Adams	Yes	14th & Adams intersection, and, generally, all along 14th Ave. as there are too few storm	Whenever there is very heavy rain.	varies, but 1 foot is not unusual	Creates a very serious hazard when combined with the cars that drive too fast on 14th.
Yes	Quadrant D	7th and cook	Yes	basement	summer 2011	one-half to two inches deep in basement	concrete floors with industrial carpet, able to shop-vac but carpet stained
Yes	Quadrant D	10th & Cook	Yes	On Cook between 9th and 10th Avenue	September 9-15, 2013 and Summer of 2014	1/2 inch of water in some parts of the basement	Flooded my basement and new carpet needed
Yes	Quadrant D	10th and Monroe	Yes	On Monroe Street between 8th and 12th.	Summer of 2015 and 2014. June or July maybe.	Huge amounts of water moving quickly enough to move large (8 inches diamer or so) rocks. Gutters overflowing at least a foot and 1/2 into the yard	No real damage for me. Yard clean up and replace mulch.
Yes	Quadrant D	8th and Jackson	Yes	On Jackson between 8th and 9th	Summer of 2014, June I think, it was the huge downpour that happened that summer	3" in my basement	flooded my basement; it hadn't ever leaked before
Yes	Quadrant D	8th Ave and Adams Street	Yes	Intersection of 9th and Adams during HEAVY rain and/or	I don't recall	Street up onto curbs	No real damage just ALOT of water
Yes	Quadrant D	9th & Madison	Yes	Our home at 9th & Madison	Early summer 2015	Water flooded our basement	Basement flooded. Had to replace carpet and baseboards
Yes	Quadrant D	7th&Adams	Yes				
Yes	Quadrant D	11th and Garfield	Yes				
Yes	Quadrant D	11th and monroe	Yes	street drains back up and then floods down road onto	not sure on dates. but usually the late spring and summer thunderstorms	over sidewalk and part of yard	some yard washed away. cars were flooded so couldn't start them right away
Yes	Quadrant D	10th and Monroe	Yes	At the sw corner of 10th and	Summer of 2016- August or September	Water in the street and over the sidewalk	No known damage
Yes	Quadrant D	Ninth and Madison	Yes	On Madison Street, primarily East side	06/01/2015	Water in street and up on sidewalks	Washed away mulch on median, had water in basement corner though not major damage
Yes	Quadrant D	8th and Steele St.	Yes	801 Steele St.	Summer of 2015, late Spring	some flooding in basement	About 1 inch in NE corner of basement
Yes	Quadrant D	8th and Madison	Yes	On 8th at intersection of 8th and Madison	August or Sept 2016 and Summer 2014	water in street and starting to cover sidewalk in 2014 and water in street 2016	I had som flooding in my basement--took a few days to clean up. Cars needed to move over a lane for a day.
Yes	Quadrant D	8th and Monroe	Yes	On monroe between 8th and 9th	Summer 2015	Lots of water in the streets.	Flooded our basement
Yes	Quadrant D	9th and Steele	Yes				
Yes	Quadrant D	10 and madison	Yes	On Madison between 10th and	Every year in street	On sidewalks	Washed away gravel
Yes	Quadrant D	9th and Monroe	Yes	Corner of 10th and Monroe	June 2015 and other times	Water in street and into yards. Poor drainage.	It can be a huge mess lasting for hours or days.

Yes

Yes	Quadrant D	6 and cook	Yes				
Yes	Quadrant D	10th and madison	Yes	On Madison between 10th and 11th.	June 2014. However, our street floods every time there is a heavy rain or a large snow melt.	Water in the street and up the sidewalk.	Flooded our basement in June and took away landscaping. \$1500-2000 in damages.
Yes	Quadrant D	9th and Garfield St.	Yes	Corner of 10th and Garfield St. Blocked drain!!!!	Summer 2014, 2015, 2016, 2016 Since the "repair" to the drain. Made it worse. Much much worse	8"-10" across the entire street.	Traffic. Blocked with branches.
