HIGH COMFORT BIKEWAYS

M2

Adopt and upgrade planned Denver Moves: Bikeways

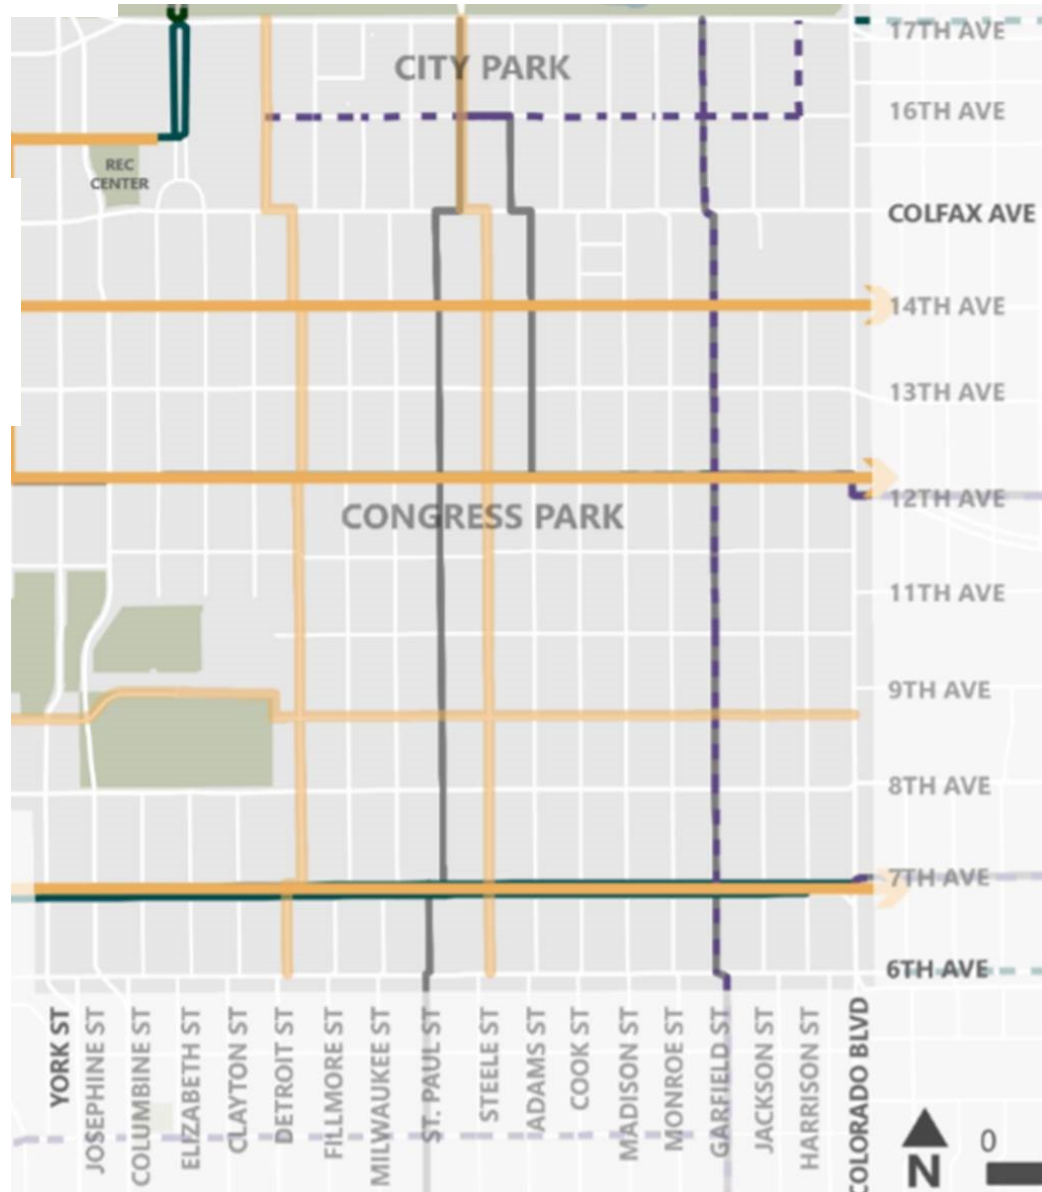

Bikes outlines plans for over eight miles of separated bikeways and over three miles of protected bikeways in the East Central area. East Central neighborhood residents prioritize investments in new high comfort bikeways and provided a clear direction to enhance and expand the current bicycle network. This plan provides greater detail to the bikeway routing and infrastructure and upgrades previously identified routes. Below are key strategies including modifications to Denver Moves: Bikes recommendations in the East Central Area to respond to the community's concerns and key findings.

- D. Reroute planned St Paul St. neighborhood bikeway to Steele St., due to signal at Colfax Ave. and Steele St., and extend Steele St. neighborhood bikeway between 6th and 17th Avenues
- F. Upgrade Denver Moves: Bikes shared roadway to bike lanes on 12th Ave. between Broadway and Cheesman Park
- G. Upgrade Denver Moves: Bikes recommendation of a neighborhood bikeway to a protected bike lane on 7th Ave. Parkway between Colorado Boulevard and Williams St.
- H. Install planned Garfield St. Neighborhood Bikeway connecting City Park to the Cherry Creek Trail

Mobility 2.3.5 Bike Network draft-2 (190910) East Central Area Plan — Congress Park
