Subject: ALL INN Motel

Candi

I was notified that Brian Toerber stated that Congress Park Neighbors RNO support his development plan for this motel at a City Park South RNO meeting. That is blatantly false. I am the president of CPN RNO and we have never done a survey or presentation regarding his project. I, personally took a tour of the hotel and was initially supportive. I wrote a letter as an individual of support. He was aware that it was an individual. I no longer support the use of TIF funds for his project and am offended by his falsehood. I have written him and requested that he withdraw his statement and that I no longer support his project.

I felt you should be aware of this inaccuracy.
