- X Community House

**You can access the map and a quick survey on the [yesopenspace.org](https://yesopenspace.org) home page.**

We worked with the amazing Ed Shalkey, PLA, to incorporate all of the ideas from the City's "push" survey - taking all of the things that people want to see in a park **and actually drawing them out.**

THIS IS JUST AN IDEA - A PLACE TO GATHER THOUGHTS AND IDEAS, but to also help you visualize how wonderful this space could actually be.

**Please take time to look at the map and [take the survey.](#)** Additionally, pass it along to your other friends and family and anyone who wants to see what an amazing 155 acre park could look like.

If you would like to donate to support our efforts to preserve this property to become a beautiful regional park, please use any of the following methods:

Mail your check made out to

YES for Parks and Open Space

4100 Albion St. Unit 1605

Denver, CO 80216

And include your current address (if not on the check), your occupation and employer (if any)
